

DIE IS CAST-ENGLAND BOMBARDS TURKISH BARRACKS

London, Nov. 3.—Great Britain and Turkey are at war. Germany has recruited an ally in the East. After 24 hours of uncertainty, during which hope was expressed that the Porte might make amends for the incidents in the Black Sea the British admiralty announced shortly before 1 o'clock this afternoon that a British warship had bombarded and had destroyed the Turkish barracks at Akabah on the Turco-Egyptian frontier.

It was Akabah that Turkish cavalry patrols were reported yesterday preparatory to moving into Egypt. There the British found soldiers apparently under Germany serving as Quasi-Turks much in the same manner as the German officers remain in charge of the cruisers Breslau and Goeben and British officials say, there was no course but to open hostilities.

The British admiralty statement concerning the engagement there, the first in the latest phase of the great war, was brief, not giving the extent of the enemy's loss but adding that there were no British casualties. This engagement doubtless will be followed quickly by others in Egypt while the former German cruisers Goeben and Breslau are likely soon to be heard from in the Black Sea or elsewhere. Great Britain has long anticipated such a contingency and has made preparations to check an invasion of Egypt.

Meanwhile it is announced that Germany has been pouring officers and men into Turkey. Many of them speak Turkish and will command Turkish detachments equipped with modern weapons which the Germans are said to have supplied.

TURKEY'S APOLOGY CAME TO RUSSIA TOO LATE; GERMANS HELD AT BAY AT A TERRIFIC SACRIFICE

GERMAN YPRES ASSAULT IS CHECKED BY ENGLISH, TURKS IN FOR A FIGHT

London, Nov. 3. (10:55 a. m.) Russia has repudied to Turkey's apology for the raids of her navy in the Black Sea with the fatal words "too late"; and in London it is thought hardly likely that diplomatic pressure will prevent the war party among the young Turks from dragging their country into the European imbroglio.

The events of the past 12 hours Franco-British notes. So far as show that the grand Vizier of Russia is concerned a state of Turkey has made every effort to war with Turkey actually exists, conciliate the entente powers, but the reply of the Russian for the influence of his partisans in the Turkish cabinet is not likely to be great enough to force the point, in the opinion of London any party to meet the demands for hope for a peaceful outcome of the reparation formulated in the dispute.

Battle Still Raging

The tumult of battle has rolled back from the Belgian coast, and after the apparent failure of their three assault on the English and Belgian lines around Ypres, the Germans evidently are diverting their attack toward a more southern point. Much activity on the part of the German mobile columns is reported from Belgium and there is evidence that the invaders have not yet exhausted all their resources which are brought to bear in the campaign to cut their way through to Calais.

Germans Held In Check

The tremendous German assault at Ypres is believed by London observers to have been repulsed decisively. But this has been at terrible cost to the flower of the British army, which apparently has suffered as severely as did the Belgian forces which bore the first brunt of the season's battle.

Concerning the situation along the River Aisne, the reports from Berlin and from Paris are sharply contradictory. The Germans declare they have made distinct progress while the French assert that all the violent German assaults have failed completely.

In the eastern arena the Russian right wing on the frontier of East Prussia evidently has been sustaining determined attacks from the the Germans. In the meantime the Austrians, hundred of miles away still threaten the Russian left wing.

Reports of the fall of Przemyśl are declared by Petrograd to be premature and due to the capture of four thousand men of the Przemyśl garrison, together with a large amount of arms and equipment, when a sortie was attempted.

Olympic Arrives Safe

The safe arrival of the White Star Line Steamer Olympic at Belfast has caused much relief here, the detention of this vessel at Lough Swilly in the north of Ireland gave rise to many rumors of disaster to the great liner, and her escape from the mine field was brought home to the English imagination the grave danger to this source. Today the drastic policy of the British admiralty is meeting with general approval. The new mine regulations virtually close the North Sea from the north and navigation which normally follows north sea routes will be diverted to the English channel. This change in trade routes will give England much better control over neutral shipping which otherwise would use the north sea.

WAYNE B. WHEELER HAS WIRED 'GENERAL ALARM' TO ALL DRY CHAIRMEN, STRONG HINTS AT FRAUD

Columbus, Ohio, Nov. 3.—A "general alarm" was wired by anti-saloon league headquarters today to all dry county chairmen to watch for two reported irregularities.

The league headquarters received word from Lebanon, Warren county, that tally sheets supplied there by a Dayton firm had been printed in inverted order with the dry amendment first and the wet amendment last. On the ballot the order is reversed.

"We suspect that these tally sheets may have been sent to dry counties, where the prohibition vote will be heavy," said Wayne B. Wheeler, superintendent of the Anti-Saloon league. "The booth officials naturally would tally the votes in the order they appear on the ballot, so by this means many dry votes might be recorded in the wet column, if the booth officials did not detect the error."

"A telegram was sent to every county chairman instructing him to watch for irregular tally sheets. If many such are found and the returns do not conform to natural conditions we will demand a recount wherever the inverted tally sheets appear."

Wheeler said that the Dayton firm had denied furnishing tally sheets to any counties except Montgomery. In Warren county the sheets were recalled and corrected by pen.

The telegrams also warned the county chairmen to see that the separate amendments ballot is handed to every voter. This resulted from a case reported from a Columbus booth where an affidavit was prepared for the arrest of a booth official.

Berlin, Nov. 3. (By Wireless).—According to information given out to the press in Berlin today, British cruisers have sent a Greek torpedo boat to the bottom, mistaking her for a Turkish vessel. This incident occurred near Tondos. The German submarine which destroyed the British Cruiser Hermes last Saturday has safely returned to its base of operations.

American Steamer Safe At Belfast

London, Nov. 2 (10:35 a. m.).—Charles M. Schwab, none of her passengers was allowed to land. The White Star line steamer Olympic which sailed from New York on October 21st, for Glasgow which had put into Lough Swilling on the north of Ireland, October 29, presumably seeking safety from the German mines in the northern waters reached Belfast this morning. From Oct. 29 to Nov. 1 the Olympic was at anchor in a remote part of Lough Swilling. With the exception of guns,

HOPEFUL QUARANTINE WILL PREVENT SPREAD OF CATTLE DISEASES

Washington, Nov. 3.—Officials of the department of agriculture were notified today that the foot and mouth disease in the middle west had been discovered in the cattle herd of Notre Dame University. The entire herd of 300 blooded cattle will be destroyed immediately and the carcasses buried in lime to prevent spread of contagion. Half the appraised value of the herd will be borne by the federal government and half by the state of Indiana.

One hundred and sixty-five herds, about one thousands animals already have been destroyed in Michigan and Indiana.

A corps of 107 inspectors travelling in Michigan, Indiana, Illinois, Ohio and Pennsylvania to locate new outbreaks, reported none early today in localities outside those previously affected.

Chicago, Nov. 3.—Although not a single case of the disease has been found at the Chicago yards, several carloads of cattle from Michigan, believed to have been exposed, have been received here and reshipped. As the disease is spread through contact, every section of the yards covering a district a mile square is to be disinfected. The same process of fumigation will be applied to all live stock cars.

The task, it was said, would require a week or more.

Hundreds of the sixty-five hundred employees at the yards have been isolated as a result of the quarantine. Three hundred stock men who recently arrived with cattle from the infected districts will be obliged to remain at the yards until the quarantine is lifted.

The quarantine prohibits the shipment of live stock out of Chicago, except to Illinois points for immediate slaughter. It makes it impossible for stock men in Ohio, Indiana, Michigan and Pennsylvania to purchase "feeder" cattle in Chicago and cuts off the small supply of cattle for slaughter which have been received in Chicago from those states. No live stock, with the exception of horses and mules, may be shipped out of the four states or Illinois.

Washington, Nov. 3.—With the federal quarantine to prevent the spread of foot and mouth diseases among cattle in middle western and other state in full force, officials of the department of agriculture today anxiously awaited further developments in the situation. In the meantime federal inspectors were at work in some of the infected district and others were under orders to proceed to the other districts. Officials here Continued on Page 3.)

Election Of Guitierrez Is Cheered

Washington, Nov. 3.—Official dispatches to the state department today from Agnes Calientes said the selection of Eulalio Guitierrez as provisional president yesterday resulted in an outburst of enthusiasm by the delegates.

The Carranza, Villa and Zapata adherents alike greeted the choice with "vivas" and cheers.

The term of the new executive was limited to 20 days, the official dispatch said, in order to give Zapata delegates time to receive their credentials, after which the convention would reassamble and ratify the selection of Guitierrez, continuing thereafter for a longer term.

Th' emotions o' bein' an American citizen on election day are certainly fine. This feelin' that th' weight o' mighty questions an' th' fate o' mighty names lies in th' very holler o' yer hand, is worth sacrificin' a lot o' experience. I'll say it is. I've gone through a bunch o' elections. In some o' 'em I was on th' winning side and in some I wasn't. But in either case this feelin' o' bein' th' final arbit' o' things was fine—yes, sir, fine. Took Two Minutes For President Wilson To Vote 'Er Straight

Princeton, N. J., Nov. 3.—President Wilson came back to Princeton today to help his party carry his home state of New Jersey. At the railroad Mr. Wilson was greeted by a large crowd of students who gave him a noisy welcome. Winthrop M. Daniels, Interstate Commerce Commissioner, made the trip with Mr. Wilson. The president walked directly to the polling place, located in a fire engine house. On the way he shook hands with many old friends.

It took the president only two minutes to vote for the Democratic candidates for congress, legislature and sheriff.

Number eight-nine, announced the election judge as the president emerged from the voting booth indicating Mr. Wilson's order in the list of voters.

"No, seventy-nine," replied the president, meaning his Princeton class. A general laugh followed.

After voting Mr. Wilson visited several friends, walking through the Princeton campus.

FRENCH WAR STATEMENT

Paris, Nov. 3 (2:47 p. m.)—The French official announcement given out this afternoon says the Germans appear to have completely abandoned the left bank of the Yser below Dixmude and that the troops of the allies have occupied points on the river without great difficulty.

"On our left wing the enemy seems to have completely abandoned the left bank of the Yser down stream from Dixmude, and reconnaissance by troops of the allies undertaken on the high-ways in the inundated regions were successful in reoccupying points of passage across the river without great difficulty.

"To the south of Dixmude and in the direction of Gheluvit, our advance was particularly perceptible.

"In the region of the north of

the Yser in spite of determined attacks by the Germans in considerable force, our front was everywhere maintained or reestablished by the end of the day.

"Fresh attacks by the Germans on the environs of Arras and against Lihons and Lequesnoy-Santerre resulted in failures.

"On the center in the region of the Aisne, to the east of the forest of Aigue we have made some progress.

"To the east of Vailly, according to the latest news, those of our troops who held the positions on the slopes of the plateau to the north of the villages of Chavonne and Souppes, had been compelled to draw back into the valley to the east of this location. We have maintained our positions at Atamont on the right bank of the river.

"There was violent cannonading during the day between Rheims and the Meuse as well as on the heights of the Meuse.

"Further efforts on the part of the Germans in the forest of Argonne have been checked. We have continued to make progress to the northwest of Pont-a-Mousson.

"On our right wing there have been some engagements favorable to our arms along the river Sella."

It does not state specifically.

Havre, France, Nov. 3.—via Paris (5:05 p. m.)—An official communication given out by the Belgian general staff and dated November 2, 9:15 p. m., says:

"The enemy has fallen back towards the east abandoning his dead and wounded.

"Our troops are holding the positions occupied yesterday.

"Our advance forces which moved toward the Yser are finding everywhere signs of a precipitate retreat."

London, Nov. 3. (6:15 a. m.)—A dispatch from Delhi, India, to Reuters says that in view of the outbreak in Turkey it was authoritatively announced throughout India that no religious question was involved and that the Mohammedan holy places in Arabia are immune from attack by the British naval and military forces provided the pilgrims from India to these places are not interfered with.

At the request of Great Britain the dispatch adds, France and Russia have given similar assurances.

Delhi, India, Nov. 3.—(Via London)—A number of influential Mohammedans have held a meeting at Quetta at which there was adopted a resolution setting forth that Turkey had been deceived by Germany into a breach of neutrality, and that the British government could rely on the fidelity of the Beluchistan Mohammedans.

Washington, Nov. 3.—The British embassy pointed out today the American steamer Kronland had not been seized at Gibraltar but merely detained, supposedly to afford time for the British government to receive some assurances from Italy and Greece, to which her copper cargo was consigned, that it would not be re-exported to Germany or Austria.

The state department has not admitted the right of Great Britain to detain a ship for such a purpose alone, as to do so would admit the right of belligerents to interfere with commerce in neutral bottoms between neutral ports. The British government, however, legalized the detention of the Kronland by sending her to a prize court which is conceded to be within her rights.

Meanwhile, it is probable that when Great Britain assures herself that the copper will not fall into German or Austrian hands the proceedings before the prize courts will be abandoned and the ship released.

QUARANTINE

(Continued From Page 1.) were hopeful that the measures already taken would prove effective in checking the progress of the disease.

Under Secretary Houston's order the quarantine was extended to include all of Pennsylvania, Indiana, Michigan and Illinois and Ohio practically was placed under the same restrictions. Ohio was included because cattle from infected areas had been shipped into that state, although no cases of the disease have thus far been found there.

The order not only prohibits the shipment of cattle from the quarantined states to uninfected areas, but also shipments from one infected district to another.

Cattle Disease Has Hit Ohio.

Kaiser Predicts Glorious Empire

London, Nov. 3. (2:50 p. m.)—The Copenhagen correspondent of the Evening News says that a German subject who heard Emperor William on a recent occasion when he addressed his troops quotes his majesty as follows:

"We are now fighting for the life of Germany. They wish to kill Germany but I say if we win—and we must win—a new empire shall arise more splendid than the world ever saw—a new Roman-German empire, which shall rule the world, and the world shall be happy."

Dutch Trawler Has Disabled Submarine

The Hague, Nov. 3.—(Midnight via London—3:40 a. m.)—A Dutch steam trawler Monday afternoon met the famous German submarine U-9 off Hook's Light ship, near Helder, on the north coast of Holland. The German submarine, according to the trawler's sailors, was disabled as the result of having become entangled with some fishing net.

In order to cope with the terrible war burden of 1,500,000 guilders (about \$400,000) daily for the mobilization the Dutch government proposes to institute an export tax on all such materials, which, through war or other circumstances, have increased exorbitantly in price.

The government has also announced that it will at once introduce a parliamentary bill for a loan of 250,000,000 guilders (about \$62,500,000) if the loan is not subscribed for by private parties. The government will force the higher tax passes to take a part of the loan in proportion to their capitals. All fortunes under 50,000 guilders (about \$12,500) will be made exempt.

EXPENSIVE VOTING

New York, Nov. 3.—Although the two voters who compose the entire voting strength in one New York election district cast their ballots at nine o'clock today, four inspectors, two clerks and 30 policemen, who manned the polling place were compelled under the law to remain on duty and hold the polls open until five o'clock.

The district is in Central park and has been maintained for years by the city. Only two voters, a teacher and some city employees who live in the park are on the rolls. It costs about \$25 each to permit them to vote.

WHY ENGLAND SEIZED SHIP

Washington, Nov. 3.—The British embassy pointed out today the American steamer Kronland had not been seized at Gibraltar but merely detained, supposedly to afford time for the British government to receive some assurances from Italy and Greece, to which her copper cargo was consigned, that it would not be re-exported to Germany or Austria.

The state department has not admitted the right of Great Britain to detain a ship for such a purpose alone, as to do so would admit the right of belligerents to interfere with commerce in neutral bottoms between neutral ports. The British government, however, legalized the detention of the Kronland by sending her to a prize court which is conceded to be within her rights.

Meanwhile, it is probable that when Great Britain assures herself that the copper will not fall into German or Austrian hands the proceedings before the prize courts will be abandoned and the ship released.

BIG VOTE CAST IN PORTSMOUTH

Election day dawned bright and fair in Portsmouth Tuesday morning, a typical spring day, which presages the largest vote in the city and county ever recorded.

Shrewd political observers are confident that the total vote in the county will exceed the 10,000 mark, which is considerably larger than was ever polled in the county.

Both sides are confident of victory, and the workers are straining every effort to get out the full vote of their respective parties in every voting precinct in the county. Their efforts are further augmented by the activities of the wet and dry workers, each of which are represented at every voting precinct in the county.

The Democrats are sanguine that Governor Cox will pull up a majority in the entire county, and some of them are so confident that they predict he will carry the county ticket to victory with him. The Republicans are counting on a tremendous majority in the rural precincts, which will more than offset any advantage that the Democrats may gain in the city. They claim the election of their entire county ticket by safe majorities.

In the city the voting during the early morning hours was the greatest ever known. In some precincts more than half of the vote was registered by nine o'clock, while there

was not a precinct in the city that did not break all records for early voting. At many of the voting places the voters had to wait their turns to get into the voting booth.

Wet leaders are predicting that the heavy vote in the city augurs for their cause, and that they will pile up a majority in the city that will wipe out any adverse majority in the rural precincts and still leave them a substantial majority in the county as a whole. This claim is disputed by the dry leaders, who contend that they will hold their own in the city and will win handsomely in the county.

Fully thirty voters were deemed to disappointment when they called at the office of the board of elections Tuesday morning to register or transfer. The time expired at 5:30 o'clock Monday evening, and no one could register or secure a transfer after that hour, under any conditions.

The board was called upon to decide only minor matters during the day, no questions of importance coming to their attention from any of the precincts. The day was peaceful and orderly and no arrests or reports of disorder of law violations were reported at police headquarters. Special policemen were assigned to each of the 29 voting precincts in the city, and every precaution was taken to insure a fair and honest election.

Grover Goshorn Now A Benedict

Columbus, Ohio, November 3.—Grover C. Goshorn, distinctive Baseball Club late during the last season from Chillicothe of the Ohio State League, took unto himself a wife yesterday. The young woman is Miss Marie O'Leary, a telephone operator, who became romantically attached to Twister Goshorn while the latter was a hero of the Chillicothe fans. Miss O'Leary recently came to Columbus to live.

They were wedded yesterday at the residence of Rev. Dr. Joseph Taylor Britton, pastor of Central Presbyterian church. In obtaining the license the bridegroom gave his age as 27 years and his residence as North Manchester, Ind., where they don't have a home but some remnants of sand for aggregations in which Grover obtained his first experience. Miss O'Leary is 23.

Mr. Brodbeck Is Improving

A letter from H. A. Brodbeck states that he has been at Grand Rapids, Michigan, since the middle of August, treating with specialists. "My progress towards health has been very slow, in fact I am disappointed a little, as I thought I would be about well by this time," writes Mr. Brodbeck to The Times.

Mr. Brodbeck expects to leave Grand Rapids Wednesday morning for a visit with his son-in-law and daughter, Mr. and Mrs. Charles F. Strick, for a short time, at their home in Cleveland. He will then return to Grand Rapids to resume his treatment and hopes for complete restoration to health. Mr. Brodbeck's many friends sincerely hope that his wishes will be realized and that he will soon be able to return to Portsmouth completely himself again.

CONJUNCTION IS CHARGED BY AN AGED NEGRO; OTHER NEWS OF POLICE COURT

The hearing of Clayburn White, a colored houseman, for trespassing upon the premises of U. F. King, aged negro, in police court, Tuesday morning, bordered on unedventful.

The quaint sayings of the stuttering complainant and the verbal clashes between him and White, who is a Southerner, and the long-winded recitals of their differences which at most were of a trivial character, kept the crowd in an almost continuous uproar. King in all earnestness summarized his story of White's alleged ingratitude. He told how he had kept him "through the snow," how he shared the comforts of his home and how one evening after both had jointly discussed and agreed upon the truths of Brother McClellan's glorious sermon White arose from the table, stopped up his ears and walked straightway out "to the cops," told them that he "King" was in a habit of beating his wife. He charged that White then and there had tried to form a "conjunction" against him, meaning a conspiracy.

The old fellow waxed warm and his oratorical flights and wild gestures at times threatened to raise the roof as he pictured the annoyance he had been put to by the other man who he said disregarded previous warnings and kept holding up around his home under the pretense of having him order fish for him.

White made a sweeping denial of the allegations, told how King had repeatedly invited him to his home, that he believed his enemy now was due to his interference at a time when King was mistreating his wife and boy. This thoroughly enraged King and he proceeded to go over the whole story in detail again but the court after patiently listening to him for an hour ended the case by ordering White to forever remain away from the King home which he promised to do.

Alex Davis Is Fined
Alex Davis, a colored ex-saloon-keeper, promptly entered a plea of guilty to selling intoxicating liquor to Nate Arnold, Sunday, and was fined \$200 and costs. He was given until 5 o'clock in the evening in which to raise the money or go to the Cincinnati workhouse. Arnold was fined \$10 for furnishing liquor to a man using intoxicants to excess, he having acted as "go-between" for Oscar Case and Davis.

Millard Moore, a teamster, pleaded not guilty to giving whiskey to Clyde Smith, Robert Smith and Walter Sullivan and the case was continued until the mother of the Smith boys could be heard from.

Clyde Smith said Moore was unloading cement on the N. & W. siding opposite Prospect street and had given him a half pint of liquor under threats of striking him with a piece of tiling if he did not comply. He said he staggered into his school room and when the teacher saw his condition she notified Mrs. Pauline McKeeven, the principal, who in turn notified his father, Allen Smith. The latter corroborated the boy's statements and said he was so disgusted over the affair that he left the boy at school all morning, he finally coming home unassisted. He said his wife had told him of having seen Moore give the boy the bottle. The other two lads had simply tasted the liquor when Moore ordered them to do so, they claimed. Moore denied having had any liquor when the boys came about the car where he was working.

Home Roberts was fined \$5 for creating a disturbance at R. L. Lasley's clothes cleaning shop and for threatening the latter. The boy denied his guilt but it was shown that others whom Lasley ordered from his place complied, while Roberts showed fight, drawing a knife on him. Lasley grabbed a hatchet and Roberts bolted from the place, later returning for his coat and trying to renew the trouble.

Lonis Thornton, who was drunk and disorderly in the West End Monday night, drew \$10.

Vicim Bayless, who was found down and out near the Sun theatre, was fined \$5. Bayless is on the "blacklist" but a "stranger" had supplied him with liquor, he said. He made a faint promise to locate the stranger.

Wife Caused Arrest
Andy Drennan, a one-armed telegraph operator, was fined \$5 on a drunkenness charge. He was picked up at the instance of his wife who feared he would spend all of their bank savings for drink. They had received \$500 in settlement for personal injuries they suffered in a Big Four wreck a few years ago. Recently they decided to locate in Carey's Run but a disagreement resulted between them, and Drennan, it is said, threatened to do what he pleased with the money. The mayor spent some time pointing out the folly of such a course and exacted a promise from him to see his wife and try to reach some satisfactory understanding with her.

The hearing of Lonis Dittel, charged with assaulting John Mattson, was upon the request of Attorney Clint Seal, counsel for the defendant, continued until Wednesday morning at 9 o'clock.

During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the irritated network of nerves involved. TURK CRUISER GOEBEN PLAYS HAVOC WITH RUSSIAN SHIPPING

The Turkish battle cruiser Goeben, captured from Germany since the outbreak of the war, has torpedoed and sunk at least two Russian steamers in the outer roadstead at Kertch, Caucasus. It is said that the officers and some of the gunners of the Goeben are Germans. The other members of the crew are Turks.

Turkey's Apology Is Not Accepted

London, Nov. 3 (4:23 a. m.)—A Reuter dispatch from Petrograd says:

"In reply to a telegram from the Turkish grand vizier expressing regret at the rupture of the good relations existing between Turkey and Russia, owing to an attack by the Russian fleet Sergius Sazonoff, the Russian minister of foreign affairs, denied that the Russian fleet was the first to fire and said he feared it was too late to enter into par-paroles of any kind with Turkey."

The telegram from the Grand Vizier was read to foreign Minister Sazonoff by the Turkish charge d'affaires. It said:

"Convey to Sazonoff our deep regret at the rupture of the good relations between the two powers which has been caused by the hostile acts of the Russian fleet. You assure the Imperial Russian government that the Sublime Porte will not fail to seek an opportune solution to this question and will take all measures to prevent a repetition of such incidents."

"You can declare to Sazonoff that the Ottoman government has decided to forbid the Turkish fleet entering the Black Sea. We hope return that the Russian fleet will not cruise near our littoral."

"In the interests of both countries I firmly hope that the Imperial Russian government will show in this affair the same spirit of conciliation."

Foreign Minister Sazonoff, in his reply, formally denied that the Russian fleet had been the first to undertake hostilities and he expressed the belief that it was now too late to enter into par-paroles of any kind. Sazonoff added that only if Turkey had immediately expelled all German military and naval officers in Turkey it would have been possible to enter into negotiations with a view providing satisfaction for those who had suffered by the treacherous acts of aggression on the Russian coast.

As the declaration of the Turkish charge altered nothing in the existing situation the Russian foreign minister informed some that he would receive his passports on Monday.

"Go After Turks" Says Emperor

London, Nov. 3—A dispatch from Tiflis, capital of the Russian government of the same name in Transcaucasia, to Reuter's Telegram Company says: "It is announced that the Emperor has ordered the Caucasian army to cross the frontier and attack the Turks."

Russia Ready for Turkey

London, Nov. 3 (7:55 a. m.)—An Imperial manifesto on the outbreak of the war with Turkey has been issued in Petrograd, according to the correspondent of Reuters Telegram Company. It reads as follows:

"In the struggle against Russia, Germany and Austria have incited Turkey into taking arms against this empire. Immediately after the treacherous attack of the Turkish fleet the Russian ambassador received orders to leave Turkey."

"Russia will receive this fresh aggression on the part of the ancient persecutor of the Christian religion and the Slav peoples with tranquility and confidence in God. The valiant armies of Russia will triumph once again—not for the first time over the Turkish hordes. Once again we will know how to punish the insolent foe of our fatherland."

"Our confidence is unshakable that the ill-advised intervention of Turkey will only hasten the fatal issue to that empire and will open the way for the Russian settlement of problems on the Black Sea coast which have been handed down by our ancestors."

Turkish Troops Near Border

London, Nov. 3 (8 a. m.)—A dispatch from the Daily Mail from Cairo, Egypt, says:

"The Turkish troops are reported to be near the border which Turkey-Russia rupture. A press have not crossed. The Britishership will be established to be fully prepared to repulse an invasion."

Austrians Drop Bombs

Paris, Nov. 3 (2:30 p. m.)—In a dispatch from Cetinje, Montenegro, dated yesterday, the correspondent of the Havas agency says that three Austrian aeroplanes on Nov. 1 dropped a number of bombs at Antivari in an endeavor to strike a French transport ship and the three torpedo boats escorting her. None of the missiles reached its mark.

Ten of them struck the quay, but did only slight damage. Others fell in the vicinity of the palace of the prefecture without causing any damage. Shots from the French torpedo boats and the batteries on the heights compelled the aeroplanes to flee.

German Officers In Charge

London, Nov. 3—A dispatch reaching London today from Constantinople says that several hundred more German officers have just arrived there.

A majority of them, it is asserted are familiar with the Turkish army organization, having been employed at the Ottoman capital before. While these developments are breaking in the east the Germans restlessly are maintaining pressure on the allied lines in West Flanders where for more than a fortnight, in the face of the heaviest losses of the war they have been trying to drive through to the French coast.

A WARNING TO MANY Some Interesting Facts About Kidney Troubles

Five people resolve to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a careful analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot really be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, causes nearly ten thousand deaths in 1914, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys need attention, and wish a sample bottle, write to Dr. Kilmer & Co., Blandford, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp-root is sold by every druggist in bottles of two sizes, 50c and \$1.00.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, friendship, dress, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, Ohio.

Dear Dolly.—What is good for cold feet? I mean the kind one has after going to bed. Mine are nearly always so cold I can't sleep and I warm 'em good before retiring.

For those who suffer from cold feet after retiring, lie at full length on your back and practice deep breathing for three minutes. Then go to sleep.

I wish the advantages of deep breathing were universally known and intelligently practiced. It is not pleasant to reflect that perhaps one-third of the human race never breathed properly in all their lives.

Dear Dolly Wise.—Please tell me a way to get paint out of a felt hat.

READER. Turpentine is the only thing I know of that will remove paint. Oil might also do the work. Keep away from fire when you use either.

Dear Dolly.—Is it wrong for girls to whistle? RICH. I can see nothing wrong about it, but I wouldn't form such a habit, if I were you. There is an old saying that "whistling girls and croaking hens always come to some bad end."

Dear Dolly.—I am 16 years of age but my friends seem to think that I am too young to go out with them. How can I let them know that I am open for all engagements?

I'm afraid they are right. You will have plenty of time to think about boys after you have finished school.

Dear Miss Wise.—I would like to be able to reduce my weight about 25 pounds. Can you tell

me how this can be done successfully and satisfactorily?

FATTY. Simply go on a milk diet. If you can keep it up you will lose flesh. Eat nothing nourishing, drink nothing but milk, which will furnish all your nourishment. Drink water when necessary. Add a little salt or lime water to the milk if you do not digest it easily. Occasionally eat a little water cracker or soda cracker. A month's treatment will work wonders, but I am afraid you will end up by eating more than you ever did before.

Unless you weigh 1,000 pounds, better not try to reduce.

Dear Dolly.—Please tell me how you cook okra?

A READER. Escalloped Okra.—Put a layer of sliced okra sprinkled with cracker crumbs, and seasoned with salt, pepper and bits of butter in a baking dish, repeat this until you have the desired amount, pour over a cup of milk or cream and bake half an hour.

Boiled Okra.—Boil your okra until tender, in salted water with a small piece of butter or a piece of salt pork, drain and serve with melted butter seasoned with salt and pepper.

Dear Dolly.—I want to give a party for my little five year old daughter. What would be nice to serve at a table? MOTHER.

Have the table set for the little ones as prettily as if the guests were to be the guest of honor. Make little favors for each plate.

that will amuse the tots. Have for refreshments, oatmeal and butter, chicken sandwiches and sweet some; sponge cake and ice cream, glasses of milk for those who wish it, and simple bonbons in fancy boxes for them to take home with them. Do not risk their digestion with salads, pates and the like indigestible dainties.

Miss Dolly Wise.—Will you please tell me what will take mildew out of a light linen dress, also a pink gingham blouse?

A READER, R. A. Cover stains with salt and lemon juice and lay in hot sun. Repeat if necessary. If this won't take the mildew out you might make a solution of oxalic acid and sponge the spot with it. In ten minutes rinse in clear water and lay in the sun for an hour. Then repeat the application, taking care to rinse every ten minutes, after that the acid may not rot the threads. I am not sure about the use of this on colored goods. Better try it on a scrap first.

Dear Dolly.—Please tell me how to clean a chambray powder rag?

GRACE. Make a suds of good white soap and warm (not hot) water; add a little laundry ammonia. Wash the chambray in this, squeezing out frequently, not rubbing it. Rinse in warm soap water with ammonia, then in another soapy water of the same temperature, then squeeze out, smooth and hang in shady place to dry. It should dry soft and pliable.

A SIMPLE WAY TO REMOVE DANDRUFF

Prevent Falling Hair and End Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips. By morning wash, if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find itching and itching of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only staves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

SOCIETY

A large and very delightful Halloween party was held last night in Mr. G. D. Solby's garage, on Gallia avenue, which was beautifully decorated in cornucopias, pumpkins, jack-o'-lanterns and autumn leaves. The guests were the young women employed in the office at the Solby shoe factory and a few of their friends, who were attired in masquerade. The costumes represented many funny characters.

The evening was spent in all sorts of Halloween games, after which all were invited to the large attic in the S. P. house, where an excellent lunch was served. The menu consisted of pumpkin pie, doughnuts, brown bread, sandwiches, pickles, apples and coffee. The guests and their costumes are given as follows:

Lucy Bennett, Red Riding Hood; Mary Williams, Indian girl; Gertrude Crawford, country belle; Emerald Clark, clown; Hazel Grimm, colonial; Fred Klineham, sailor boy; Harry Knott, country boy; Leon Allen, clown; Jeannette Blake, colonial; Margaret Kirtland, clown; Paul Nagel, clown; Margaret Blake, colonial; Gladys Rowe, clown; Lela Smith, clown; (fancy dress); Anna Smith, clown.

PATTERSON GREETED BY BIG CROWD AT DRY TENT

It remained for Rev. J. Albert Patterson, of Franklin, Pa., to return to Portsmouth and deliver the final message in the Home Defense tent, at Eighth and Lincoln streets, Monday night. He was given a magnificent greeting, as he made hundreds of friends here upon his visit two weeks ago. Rev. Patterson is what might be termed a dignified enemy of the saloon and liquor traffic. Instead of hurrying broadside into them and flaying them unmercifully, he uses the choicest of language and pounds the four sides of the saloon business in a subtle, but extremely effective way. He goes about his business in a thoroughly convincing manner and is an orator that even the most rabid wet man could listen to without taking offense. Rev. Patterson has talked his way into fame in the River City and is always sure of a hearty welcome here, no matter on what subject he is assigned to talk.

Shortly after the meeting was opened Rev. T. H. McAfee announced that the expenses incurred in waging the campaign carried on

in Scioto county the past five weeks entailed an expenditure of \$5,500, of which \$1,000 remained to be raised. Cards were distributed and most of this amount was raised. The contributions have been liberal and spontaneous, according to the officials of the Scioto County Anti-Saloon League.

Rev. Patterson admonished every one present to get up early Tuesday morning and work for the dry cause as they had never worked before. "You are facing a crisis in your life and you owe it to yourself, to your families and to society to vote the liquor traffic out of Ohio. I have been over most of the state and I feel confident that we will carry the day, but over-confidence has beaten many a political party, so we must not be too confident, but more energetic," said Rev. Patterson.

The campaign was carried on in the dry tent. The speakers who were heard included Thomas H. Clark, E. C. Dismidie, Rev. J. Albert Patterson, Rev. W. H. Gilliland, Fred Landis, Fred O. Blue, R. L. Davis, Rev. C. S. Williams, John J. Lantz, Branch Riskey, Seaborn Wright and Henry Brownell.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

Mothers can rest easy after giving "California Syrup of Figs", because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs", then look carefully and see that it is made by the "California Fig Syrup Company". We make no smaller size. Hand back with contempt any other fig syrup.

In Good Shape

Dr. W. W. Smith, city health officer, Monday made a detailed report to the mayor regarding the George Barr tenement house at No. 107 Third street.

Dr. Smith says his inspection showed that the property was in good sanitary condition for a tenement of that class. The rooms are all well lighted and well ventilated and no overcrowding exists among the tenants. He did find, though, that a neighborhood disturbance exists and that frequent clashes occur between the neighbors, so that it was probably through a spirit of retaliation that reports were started about unsanitary conditions.

Will Get Returns

Election returns will be received tonight at Republican headquarters, the campaign committee having arranged to secure the special Western Union service and also from the Home Telephone Company. The latter company will install a special wire into the headquarters in direct communication with Columbus.

Will Sell A Lot

Attorney Harry Ball, representing Roman Gengenbacher, of 1542 Fifth street, filed a petition in common pleas court late Monday afternoon for permission to sell a vacant lot on Summit street. Such action was made necessary by reason that his wife, Marie Gengenbacher, being in inmate of the Athens asylum, and her dower interest has to be protected by the court.

Homes Are Threatened

Forest fires menaced South Portsmouth homes Sunday. A bucket brigade headed by Newton Saunders prevented the flames from reaching several pieces of property. When the wind varied the flames were blown back up the hill and all danger was passed.

"Steeple Jack" Warden slipped and fell in the yard of his home on Front street Sunday and sprained his right foot. He is now navigating with a decided limp.

Generals Fighting for Control of South Africa

General De Wet, on the left, has just begun another revolution in the Boer republic, believing freedom from Great Britain may be obtained while she is engaged in the European war. But no sooner had he taken the field than General Botha, on the right, marched against him with an

army. In the first engagement De Wet was badly defeated. The standing figure in the photo is General Dlabere, another warrior who won fame in the war with Great Britain. The photograph was taken some time ago when the three men were close friends.

Fronton, O., Nov. 3.—Dwight Ray Prindle, aged 20, who has been living with his widowed mother in Columbus, but who came here Saturday in search of work and to visit relatives near Marion, this county, committed suicide on the Marion pike early Sunday evening in front of the residence of a relative, Jeff Willis, by shooting himself through the heart with a revolver.

Prindle was dependent over the fact that he was unable to secure work but gave no intimation of his rash intentions to the members of the Willis family. Sunday evening he went to church with his cousin, Miss Fay Willis and her younger brother. After the services he sent the boy to get the horse and then told Miss Willis to walk on. She had gone but a short distance when she heard a shot and turning around, saw Prindle stagger and fall. The young lady and others ran to his assistance but the unfortunate youth had died almost instantly.

Coroner O'Neill was called and conducted an inquest, disclosing the facts as above stated. The body of the boy was taken in charge by relatives and will likely be interred in this county.

Delays experienced in readjusting the bearings of the big turbines made it impossible for the new water works to resume operations Monday. Thrust collars have been made for the pumps at the Portsmouth Steel Company's plant and it is now hoped to begin operations not later than Wednesday noon.

HELEN KELLER ENTERTAINMENT SHOW AT THE HIGH SCHOOL

At an adjourned session of the school board held Monday night permission was granted to hold the Helen Keller entertainment in the high school auditorium on January 17. Plans for the Garfield school building as submitted several days ago by Architect Arthur Devoss were accepted. Bids will be advertised for as soon as possible and active work on the handsome new structure will begin within the next six weeks. It is to be built on the Gallia pike and Maest Road and will contain ten rooms. The schedule amounting to \$16,629 was allowed.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salla to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from urine acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Glad It Is Over

Attorney Henry T. Ramon delivered a speech in Oak Hill, Monday. "I started out to keep away from speech-making during the campaign, but I found myself pretty busy engaged in making public speeches," said Mr. Ramon, Tuesday. "I am certainly glad it is all over."

FATALLY POISONED

Failure to throw off through the kidneys and urinary tracts the poisons which hourly collect in the body often proves fatal. If nature is prevented from cleansing out your system, because of some painful or loathsome disease you have contracted, you are in positive danger.

The kidneys and bladder are the most essential organs in your body. If they purge the body of the poisonous germs which are always there, you have good health. If they become clogged and congested, these germs thrive and multiply a thousandfold, and upset your entire system. Such a condition is indicated by cloudy, bloody and discolored urine, inconvenience and pain in the urinary tracts, prostatic disturbance, gravel, stone in the bladder, uric acid or lead poisoning, sharp rheumatic pains, lumbago, swollen feet, hands or ankles, swelling under the eyes, sleeplessness, general nervousness and similar disorders.

There is only one thing to do under such circumstances. Try some of that standard, world-wide medicine, **GOLD MEDAL HAZLENUX OIL CAPSULES**. Absolutely pure and harmless. They will immediately attack the poisons and clear out your kidneys and urinary tracts better than anything else in the world. That is why they have been used for over two hundred years. They are a standard remedy, not a "patent medicine", and are worth a trial. But insist on your druggist supplying you with **GOLD MEDAL**. They are imported fresh every month from the original source in Holland, by the American Office of the Genuine Hazlelux Oil Mfg. Co., 74 Cortland St., New York city. **GOLD MEDAL** are the only genuine imported Hazlelux Oil Capsules. Your dealer can tell you, and is authorized to render the eyes, sleeplessness, general nervousness and similar disorders.

PILGRIMS SINGERS RETURN FROM A SUCCESSFUL TRIP

J. H. Finney and the Pilgrim Singers, E. C. (Jack) Hood, Sam R. Crawford, George H. Metzger, and F. B. Miller, arrived home Tuesday noon from Junction city, Ohio, where they closed a twelve days campaign in the interest of Prohibition Monday night. During the short time they were out they filled close to 100 engagements. J. H. Finney was the chief speaker at each place and the lectures and singing made such hits that they were asked to return to many of the places where they filled engagements.

They made every important center in Ohio, among them being Columbus, Chillicothe, Wellston, Pomeroy, New Lexington, Washington, C. H., Crooksville, New Vienna and Wilmington. Short automobile tours were made into the rural sections at each of the above cities.

Prof. Finney is one of the strongest speakers on the temperance platform, is quite an orator, and is in deadly earnest at all times. The work of the Pilgrim Singers added an element of entertainment to the meetings that made them all the more enjoyable. The quartet made distinct hits wherever it appeared.

Sam Crawford, second tenor, was the only member of the party not able to take part in every one of the meetings. While in Chillicothe he took a bad cold and was so hoarse he could not utter a word of music.

In one day in Fayette county fourteen meetings were held. While in Washington, C. H. they met Richard P. Hobson, who delivered a strong Prohibition talk at Memorial hall the next evening after Prof. Finney talked. They spent last Sunday in New Lexington.

N. & W. Office Has Been Remodeled

Passenger Agent R. E. Scott has just completed the extensive improvements he mapped out in the N. & W.'s new city ticket office in the Play House building and he now has an ideal office in which to transact the business of his firm. It has been refurnished, refurnished, and presents an attractive and inviting appearance and Mr. Scott and his assistant, Cliff Connell, intend to keep it looking that way. Mr. Scott recently took a two year lease on the room. He was driven out of the Grand Opera House building when it was destroyed by fire on September 2.

Mr. Scott is a hustler from the word go and since being transferred to Portsmouth he has certainly obtained splendid results. For his company. He is considered one of the best all round passenger men in the service of the N. & W. and in Cliff Connell he has a very capable assistant. Mr. Scott invites his friends to call around and inspect his elegantly equipped office.

The Movies

At The Exhibit

An installment that is equal to if not better than the preceding ones is to be shown at the Exhibit tonight when "The Million Dollar Mystery" is thrown on the screen. There are an abundance of exciting scenes and everything that goes to make an excellent picture. All roles are played by leading characters and another step is taken to unravel the mystery.

Lyric Good Shows

The Lyric has many good pictures on the program for this week, good snappy stories with a big punch to them. Today is "Paramount" day and the big feature will be "The Patchwork Girl of Oz" in five parts, and it sure is a great picture, a big novelty that will please everybody. The story is distinctly original, full of pathos, comedy, magnificent scenes and wonderful photography, the most spectacular and entertaining photo-extravaganza yet produced. The admission will be ten cents tomorrow, both afternoon and evening, and the children will be admitted in the afternoon for five cents.

"A Fair Rebel" in three parts, will be shown Thursday. This is one of the best Southern romances ever pictured. It has been produced by the Klaw-Ehringer-Biograph Combination and is a masterpiece from start to finish.

THEATRICAL

At The Sun.

Sals and Rockwell lead off with the feature set at the New Sun for the first half of the week. Rockwell as a cartoonist is an exception. His act is entirely different from the usual one, and is highly appreciated by the patrons. Many beautiful scenes are painted on the specially arranged screen used by the artist. The ringing of Miss Sals is splendid and she is well received. Banzi, the dup Trio, have a very clever acrobatic act, difficult balancing feats, sleek wire stunts and the slide from the gallery to the stage make up a very clever act.

May and Vernon offer a good talking and singing turn that is alive with comedy.

Ludie McKoy, the child impersonator, made a hit with her splendid singing of nursery songs.

The new picture feature, Juana and Juarez, is interesting and entertaining, the first series showing Juana as they bloom, the different stages and length of time it takes. Each half there will be a different subject and many comic as well as interesting features are promised.

TO CONSIDER NEW SCALE

The proposed new scale of fares demanded by journeymen barbers will again be up for discussion by the local Wednesday night. An interesting meeting is promised.

MAY CHANGE TICKETS

There is talk of a change in the well-known tickets on the C. & O. ferryboat here, though nothing definite has as yet been decided upon. The plan contemplates having all tickets dated and requires them to be used on such days, or they become void. The tickets of 50 tickets will cost \$1.

Vaudeville Man Is Killed On N. & W.

Bluefield, W. Va., Nov. 3.—Roy Johnstone, of Cincinnati, a member of the Johnstone Trio, a traveling vaudeville team consisting of Johnstone and his two sisters, was killed this afternoon some four miles west of Bluefield on the Norfolk and Western, and his body hurled into Bluestone river, where it was rescued by a boy who witnessed the accident. Johnstone had been playing an engagement with his sisters in Pocahontas, Va., and had come to Bluestone Junction with the intention of catching a train to Bluefield. The train was leaving Bluestone Junction when the young actor caught the rear platform of the sleeper, but was unable to get aboard owing to the doors being closed. Cheerfulness. What, indeed, does not that word cheerfulness imply. It means a contented spirit, it means a pure heart, it means a kind and loving disposition, it means humility and charity, it means a generous appreciation of others and a modest opinion of self.—Thackeray.

Lizzie May Adkins.

In loving remembrance of our little darling, Lizzie May, who departed this life, Monday, Oct. 26, 1914, aged 3 years, 3 months and 22 days.

Oh, how we loved our dear, little sweet baby, but, but God must have loved her best for He took her to live with him in heaven, our hearts are sad and we weep for our little darling and our home is a lonesome one without her perhaps to well to get to stay with us and Jesus called her to come live with Him. Little Lizzie was hard to give you up, the one we love so well, but we know you are safe in heaven, where we can see you day dwell. Want to send my thanks to my good, faithful sister who stood by in all my sorrows.

Father and mother.

Albert Adkins, Ella Adkins.

The Kingdom of Heaven it is hard to part from our dear little baby. It is hard to give her up we love so well. But we know we can go to her when we are done with life on this earth there was a baby that we loved and cherished as well in a home as sweet little Lizzie was in our home. We loved her, but she has gone to a home where she will not have to suffer any more. God knows how our dear little Lizzie did suffer before she died. All we can do is prepare to meet our little baby in that home where no more sorrow can enter our home. I know Jesus said, "Suffer Little Children to come to me for such is the Kingdom of Heaven."

Corn Agnes Dever.

In loving remembrance of our dear niece, Corn A. Dever, who died August 21, 1914, aged 13 yrs. 3 months and a few days.

Peaceful be thy silent slumber, Peaceful in thy grave so low, Thou no more will join our number, Thou no more our sorrow know.

Yet again we hope to meet thee, When the day of life is fled, And in Heaven with joy to greet thee, Where no farewell tears are shed.

Sleep on, dear sister, Corn; Oh, how sweet to breathe thy name; In life I loved you dearly, In death I do the same.

I often sit and think of you, When I am all alone; For memory is the only thing, That grief can call its own.

TURKEY HAS OWN TROUBLES

London, Nov. 3.—The Morning Post, in an editorial today on Turkey, says:

"The struggle in Turkey between power and war between all that remains sane and the forces of anarchy, has been fierce and prolonged."

"We learn that in the course of the conflict scores of actual violence took place in the government council chamber and that the Sultan's son shot Enver Pasha (Turkish war minister) in the leg with a revolver."

"The editorial adds that the Young Turks can have no influence in the Moslem world, as they are not Moslems, but Atheists."
